Notes

I'm back again, my dears! If I feel inspired, I may write more of this~. Enjoy~!

If there's anything Gabriel hated more than incompetent idiots, people in his personal bubble and being forced to interact with people he dislikes, it was when people would run their mouths for too long. Unfortunately for him, the blabbermouth on the other line of this call kept talking, yapping on about something he only mildly cared about. It was something about another charity event, or something. He wasn't paying too much attention, though, because his mind was currently preoccupied on other matters. He knew he shouldn't have drank all that coffee beforehand, but he did it anyway. Now, he had to go to the bathroom, but couldn't get up and who knows how much longer he'd be stuck here. His leg was bouncing up and down, in an attempt to distract himself from the uncomfortable feeling built up in his abdomen. He swore he was starting to cramp up. Nathalie, observant as she was, could tell something was wrong with him. She began to think of solutions to a problem that he brought upon himself. With her metaphorical lightbulb in her head, she smirked at him.

He began to worry. Nathalie's devilish smirk instilled a certain sense of concern for what she was planning, and even more so now that she was removing her kitten heels and dress pants. She beckoned him closer, giving enough clearance between the table and his body for her to comfortably sit on his lap. While he would normally love this, her body weight only added to his discomfort. She reached behind her and was sure to mute the phone's microphone. No one needed to hear this. "What's the matter, Gabriel?" She asked in a sultry, teasing voice. "Did you drink too much coffee like I told you not to?"

"Maybe..." He replied, looking mortified that he was overconfident in his bladder's capacity. Nathalie's hand quickly went to his belly, as she began to rub it, and even press into it. He winced in pain.

"Oh wow, you must really have to go, hm?" She leaned in closer to him, a hand moving to his belt buckle. "I can help you with that..."

Gabriel's cheeks turned a bright red. He whispered sharply, "Are you out of your mind?!"

"What's the matter?"

His cheeks turned a deeper red. "Really, here? In the middle of work hours?"

"We're going to be here for a while, aren't we? How come we can't have a little fun?"

"...Alright, you have a point..." He sighed, but then smirked. "So how did you plan on helping me?"

She coaxed his pants down to his ankles, as she worked to get his boxers down in the same fashion. "You'll see..." She grabbed his semi-hard cock in one hand, while eagerly pushing the crotch of her panties to the side. Already excited to put her solution into motion, she guided his length into her, biting on her lower lip until he was hilted inside of her. "Alright, you can go now..."

Before he had anytime to object or make a comment on how insane this was, he lost control of his bladder. His breath hitched and his body relaxed. She groaned softly as she felt herself becoming filled with his piss. Her toes curled as she rocked her hips slowly. It quickly began to overflow, the warm liquid trickling out of her pussy and back down onto his body The excess began to pool on the chair beneath him. His hands gripped onto her hips as he exhaled in relief as he finally emptied himself. Much to his surprise, she began to ride him, taking it very slow at first. With each stroke, a little bit more of his piss trickled out of her. She was trying her best to not spill anymore than she already was, though that task would be harder done than said. Once he had his strength back, wanting to "punish" her for what she had done to him, he lifted her up and laid her out on the large conference table. He began to rut into her.

"Ah! Gabriel..." She whined, as she looked up at him. Her back arched as he continued to fuck her into the table. His thrusts grew more feverish and forceful. Using his right hand, it trailed down from her hip, and to the waistband of her panties. With minimal effort, he tore the fragile garment away from her body. She gasped. "W-what was that for?"

He held up the panties, breathing heavier as his thrusts grew faster. "You... you thought you could tease me like that and not have me punish you? You're absolutely adorable, my vixen... but don't mistake me for a fool."

She moaned louder, feeling her toes curl as the thumb from his opposite hand pressed onto her clitoris. He began to carefully rub it, in slow circles. "Y-yes sir..." She stammered, her legs visibly shaking. She was holding her orgasm back.

"Good..." He had noticed her restraint, his expression became softer. "Nathalie, do you need to cum?"

"Yes, Sir..." She replied with an obvious flush to her cheeks.

He thought for a moment, before saying, "Then don't be afraid to do so..." He smiled at her.

She let out a soft whine, riding out her orgasm as his thrusts into her slowed down, and once she was reduced to a panting mess afterwards, he slowly slid his cock out of her. He wrapped his cock with the ripped panties and began to stroke himself, nearing his own orgasm. With a low groan, he began to coat her jacket with sticky, white ropes of his cum. He took a moment to catch his breath, sitting down in the soaked chair while admiring the sight of Nathalie's clothes ruined by his cum. "Mister Agreste? Are you there, Mister Agreste?" The businessman on the other end called for him. Quickly, Gabriel unmuted the phone.

"Yes, I apologize for that. I must have forgotten to unmute myself. Yes, that sounds great, thank you. Have a great day." He hung up. He walked over to Nathalie, and delicately kissed her on the lips. He handed her back her panties, and then slowly pulled away from her. "You better get cleaning..."

"With what?"

"Your underwear. And your pants." He teased her. As he stood up, he stepped right in a puddle on the floor. She laughed a little, as she began to clean the table first. "Don't worry... I'll be sure to have your outfit sent to the dry cleaners immediately, and be sure to gift you a new pair of panties... made especially by me, only for you." He pulled up his pants and underwear, being sure to redo his belt. He momentarily exited the conference room, returning with extra towels and heavy duty cleaner. He brought them over to her. "But... a fitting session would be in order for those panties. Meet me in my sewing room this evening?" He asked with a smirk, as he placed a towel on the chair and another on the floor. He opened the bottle of cleaner.

She smirked right back. "You have yourself a deal."
