Such a good girlfriend.

by lizwv

Summary

"You don't deserve this," Nathalie grimaced angrily at not feeling Gabriel's body near hers again. She opened her eyes to see him. He's close again but far away. "No, you don't deserve it and you know it."

Gabriel raised an eyebrow.

"Cat got your tongue, my love?"

Nathalie shook her head.

She knows if she speaks, she's going to beg and she doesn't want that.

Gabriel smiled.

Notes

Nathalie's a good girl for Gabriel (most of the time..)
She loves him. We all know this. :)

So. I tried like a mini AU, of course, where Nathalie has a kink to be called "good girl." And all the terms of it. So, here this.

I must hate myself from writing this, seriously, I have a demon inside me sometimes to write stuff like this.

Also, Gabriel likes to call Nathalie his good girl / girlfriend / darling.

—
Also, English is no my first language, so there must be some grammatical errors. And, my first time writing on this website. Hope anyone reads it, lol.

Chapter 1

This is undoubtedly one of the baddest ideas she has had throughout her life and relationship with Gabriel.

She has had several bad ideas, but none like this one. She is simply desperate to complete this fetish she has had for days, weeks, and he has been denying her that fetish.

Maybe when what needs to happen happens, he will yell at her, he will refuse her what she wants so badly. Or.. Maybe it will be alright and he will fulfill the fetish she so desperately wants to have.

Is it a fetish thought?

Being a C.E.O. is something difficult for Gabriel, but for Nathalie it's something that puts her in a major state of horniness, also knowing that her boyfriend has a big, spacious office, with several things that she likes, and all for him. And, when he says he doesn't want interruptions, there are none.

That's exactly why Nathalie wants to try this new fetish she's come up with. Nothing else. The rejection she has felt these weeks from her boyfriend, have not been welcome either. Weeks. WEEKS without sex. Nathalie can't take another day. Yes, her boyfriend sometimes gets tired from work with the paperwork, with the calls, with the mistakes the company sometimes makes and all the boring stuff. But she wants to please him, she wants to have him in her mouth, she wants him to make her his. She is his.

Yes. A plan.

She has to plan in order to commit that sin she has in mind. Gabriel comes out of the bathroom in simply a towel around his waist, covering what Nathalie wants in her center and in her mouth. Nathalie grimaces at the thought. She'll have it. Wait. That's all she gotta do. She has not patience. It 's 6:20 a.m. Nathalie isn't used to getting up at this hour, but she wants to see her boyfriend when he puts on his suit, when sometimes, he leaves his hair disheveled and wet on a rushed day. Today is one of those days.

"Darling. You should be sleeping." Nathalie rolls her eyes, he notices and Nathalie hopes that he will finally punish her, finally give her what she wants. Not more waiting. No, no, no. Gabriel smiled. He grabbed the knot of the towel with his right hand, making Nathalie snort on the spot. Gabriel's smile became one of everything and teeth, showing how white they are. Taking a glance at his beloved. He shook his head. "A couple more days, Nathalie. I know you can hold out."

"You know I don't have patience," And Gabriel knows it she doesn't, and even less when it comes to this. This subject is one of the most delicate she has and she already wants what she wants more.

"I know." Gabriel advanced toward Nathalie to leave a kiss on her lips and then on her forehead, causing Nathalie to frown. She thought, for a brief moment, that she had him. No. "Days, love."

That phrase became common in the mornings when she's awake. 'Days, darling.' 'Days, love.' 'Days, baby.' Days. Days. Days. It never happened, and Nathalie is fed up. She wants to have what she wants. Her mouth and her core feels empty. Gabriel dressed in his three-piece suit, this time in dull blue, tie almost the same color, hair messy. He grabbed his briefcase, where Nathalie knows he carries a stack of papers, a pen, his cell phone, and other things. He put on his sneakers, putting his wallet in the back pocket of his trousers. Approaching Nathalie to give her another kiss, which she can't deny because her boyfriend's lips are addictive and she wants them all over her body, now. "Be a good girl," Nathalie nodded.

Who says being a good girl is what she does when her boyfriend isn't home?

Gabriel left the room so he could surely go down to the kitchen, grab some quick food and go to work.

Nathalie looked at the clock lying on the side table of the bed where Gabriel sleeps. 6:58 a.m. What is she supposed to do right now? *The plan*, one of her inner voices says. Yes, the plan. How do you come up with a plan when you're sleepy and horny to the point that you'd go to a bar and fuck whoever you find hotter than yourself? No. She wouldn't do that. Her boyfriend is better... In several ways.

Sleep.

No.

Bad idea. Not that. She'll dream that her boyfriend is fucking her mercilessly until she's crying with pleasure, can't feel her legs anymore and ... Bad trip. Don't get any hotter than you already are. Internally she is.

Debate... Sleep or make a plan?

Plan,

Sleep, you need sleep, Nathalie.

Their voices don't agree. They never do. She doesn't care if they don't. She's the boss.

Anyway.

She likes to tease her more serene voice, always does, always likes it. Mm... So, plan. Yeah. Plan.

Fetish or just wanting her boyfriend in her mouth, one of two, it's a good cause. She can go to her boyfriend's work right now... No. Bad idea. *He'll send you home again*. Umm... I can go tomorrow before him and hide in a place and then come out of that hiding place and I can have him in my mouth?

Consequences Nathalie, consequences.

Of course. That.

...

She can pretend that she has to go somewhere at that time, go to her boyfriend's building, tell his secretary that she has something pending and that she will wait for her boyfriend to tell her... And then hide there and... And..

No.

Or yes?

No. T

he voices won't be quiet, but she doesn't care. She already knows what she will do. Or at least that's what she thinks she plans to do.

Yes. Tomorrow, she'll get up before her boyfriend, change, go to his building, hide and wait for the right moment where she can come out and have what she wants in her mouth.

Absolutely not. You'll scare him off, you idiot.

.. *I don't care.* Nathalie anwered back, internally, of course. She's not that nuts.. Maybe.

She clearly doesn't care if she gets what she wants. What she wants. Her mouth wants it.

Okay.

Sleep.

No.

Bad idea.

Sleeping didn't do any good.

The things she dreamed of left her worse than she thought. No, she has to do something. But her fingers have been corrupted by her boyfriend's tongue, mouth and fingers. It's not the same as pleasuring herself now. Her boyfriend has corrupted her. He's probably corrupted her forever by having sex every day.... Before, anyway.

But she wants to have his cock in her mouth. She wants to have him all to herself. She has it all to herself. But it's not enough when she doesn't have all of him.

She looked next door at the clock: 1:25 p.m.

Her boyfriend won't be home until later. Something productive other than her boyfriend. Something... Like.. Clean the house again, make food for the two of them when her boyfriend

gets home. Yes.. No, not that, Doing that is never good. Her focus has to be something other than Gabriel Agreste.

What could it be?

Cleaning as she had said no.. Laundry? No. She'll see Gabriel's dirty clothes and she doesn't want that. She doesn't want to be hotter than usual, like right now. She sighed. If things were easy, her mouth would be full of him. She would be happy. Very happy with him inside her. Inside her mouth.

Ughh.

At the end she cleaned the house. She did her and Gabriel's laundry. She cooked for both of them. She watched television while she waited for five o'clock in the afternoon so she could see her boyfriend's blond hair again.

However, not everything went as she expected. She wants tomorrow to be the day she can do what she wants. To do the fetish, to break the good streak of being a good girl for Gabriel. Be a bad girl for him. Will he like her?

Yes. He'll probably like her, congratulate her, make love to her, leave her crying with pleasure, leave her legs like jelly, unable to use them, her center throbbing without precipitation. Yes, that's what she wants. That's what she hopes will happen.

"Mm."

She clenched Gabriel's shirt tighter to her body as she remembered she did what she said she wasn't going to do because she's ruined because of her boyfriend. But she did.

The bad thing about being broken up, is that you can't stop wanting to do the things you come up with. Less so when you have a partner who just comes out tired from work. It comes out all wrong.

"What are you doing dear?"

Nathalie jumped out of her seat, bouncing her food on her legs, these going into Gabriel's shirt. Nathalie turned toward the border door to see Gabriel in the door frame, shoulder leaning against the edge of the frame, briefcase in the other hand and looking at the mess she's made on the couch and her legs.

"Uh."

Gabriel shook his head, closed the door, put the briefcase on the piece of furniture next to hers. Gabriel put both hands on the edge of the couch she was sitting on. She's in the middle, legs crossed under herself, plate in her hands, hair loose and only in Gabriel's shirt.

"I see you have not been a good girl for me." Nathalie parted her lips, exposing her front teeth. She gripped the plate tighter. Could it be that today was the day? Today? The fetish what? No? She won't do it after all? Why not? She wants to do it. Gabriel shook his head, approaching her, as when an animal approaches its prey. She is the prey. This is exciting. "Look at the mess you've made, little one,"

Nathalie let out an inaudible groan. Wet. She's wetting Gabriel's shirt. She doesn't mind, she can do the washing later, again.

Gabriel stepped in front of her, lowering himself slightly until his knees were almost touching the tips of her toes sticking out of the couch. Even so, the difference in height is obvious. Her fingers are white from how hard she is gripping the plate.

"Oh, my little girl," Gabriel. Him. His hands. His lips. His cock. Nathalie can't take another day because of what she sees. Gabriel laughs, positioning his hands on her knees, Nathalie unconsciously pulled back a little, not much, his touch still present. "Messy."

Gabriel's hands took the plate from her hands. She let him.

They went up, torturously, over her thighs, even pulling her shirt up a little to reveal how wet she had left it and how wet she is leaving the couch from her wetness. Gabriel smiled, knowing what he's causing, what he's been causing for weeks by not snapping her like a stick snaps in two.

No, this is unfair. But right now she wants everything. All of him.

Nathalie's gaze didn't leave her boyfriend's, nor have her hands been lowered since Gabriel took the plate from these.

"Darling, you're making more of a mess than you already have," Oh, she knows, but she doesn't care. Her boyfriend can buy another couch, and a more expensive one, if he wants."What am I going to do with you?"

No. She's not going to beg right now. He owes her this. But she wants to do the fetish. Should she give it up? She wants to. She's begging inside. She wants everything from him.

Fuck it. She needs both of him, his tongue, his mouth, his member inside her right now. Her fingers aren't the same, hers are small, not as long as his.

And the plan? , The voice on the right, the one that is always right, said,

There is no plan, Her other voice, the one that's wrong... No, the one that is right and does not let her be rebellious, said,

The plan Nathalie!

Let her, now she will get what she wanted so much. We won't get hot again out of nowhere.

Oh, right,

Shut up. She said.

Gabriel raised his gaze to hers. Nathalie expects him to put his mouth on her throbbing entrance where it looks like a beating heart but it's not, it's just her center.

Will he do it? *Please. Let him do it. Please. Please. Please. Please-*

Gabriel lowered his lips to her right thigh. The little friction, the lips, the saliva he left behind, made Nathalie close her eyes in pleasure. She missed this for days, weeks. She never wanted to go through that again. No. Never. Gabriel stopped kissing her thighs to pull back. No, please come back. "Darling," Nathalie opened her eyes to look at him. He's far away from her but at the same time so close that no.. No... "Put your hands down, love." She does as she is asked, putting her hands down and placing them in her lap, or what is a lap full of food and moisture. Gabriel is squatting, a healthy distance from her, not touching her, but being near and far. This is torture. She doesn't want torture. "Take your legs out of that position and spread them,"

It 's happening.

Yes!

Finally.

After weeks. God, yes.

Nathalie does what is asked of her. She spread her legs. Gabriel looked down at her center, appreciating everything. His gaze returned to hers.

"Touch yourself,"

What?

No! Not that.

Please.

Anything but that.

She's not ready to touch herself again. She doesn't want her own fingers, she wants his.

Gabriel raised an eyebrow, waiting for Nathalie to do as she's been asked. She doesn't want to. She can be a bad girl, a bad little girl for her boyfriend. Yes, she will. That way she'll get punished. So she will receive what she wants. "Obey, love," Nathalie shook her head. Gabriel moved closer to her, putting his hands on her knees, spreading her wider, Nathalie let out a

moan. "You've been bad. You're misbehaving, Nathalie," Oh, she knows and it feels divinely to be disobedient.

Gabriel's digits hardened further on her knee, causing mild pain. She is used to pain. He taught her.

How is he not uncomfortable in that position?

She doesn't care. She wants to have it on her lips. She wants to feel it.

Beg,

No.

She can do anything but not beg. He owes her. He has to pay.

Gabriel let go of Nathalie's knees slightly, moving his hands up to her hips, pulling her closer to the edge of the sofa. Nathalie let out a stifled moan. She's close to him, but at the same time not so close.

"Tiny, impatient, horny and just plain messy," Nathalie wants to scream for him to stick his tongue in her at once. She wants it all. "What will I do with you, Nathalie?" Again the same question. She doesn't know.

She does know.

She wants everything. Again. Everything.

She averted her gaze to Gabriel's hair, messy and a few hairs in some directions that have nothing to do with it. Gabriel doesn't like his hair like that. Who cares right now.Gabriel brought his mouth to her thigh once more, kissing, leaving saliva and Nathalie closing her eyes to wait for what she wanted so badly.

"You don't deserve this," Nathalie grimaced angrily at not feeling Gabriel's body near her again. She opened her eyes to see him. He's close again but far away. "No, you don't deserve it and you know it."

Gabriel raised an eyebrow.

"Cat got your tongue, my love?"

Nathalie shook her head.

She knows if she speaks, she's going to beg and she doesn't want that.

Gabriel smiled. He moved closer once more, this time not to kiss her thighs or put his hands on her knees or hips, but to kiss her lips, the top ones, anyway.

Nathalie brought her hands to her boyfriend's cheeks. Gabriel withdrew them in an instant, grabbing her wrists and holding them in place. Nathalie turned her head slightly so she could

depend on the kiss. Gabriel grabbed the opportunity to get his tongue inside her mouth so he could play with it.

Nathalie wants that tongue on her other lips.

They both broke away from the kiss to gain air. Gabriel lowered his lips to his girlfriend's bare neck, sucking and leaving a mark or two. His. His. His.

"Mine," Nathalie wants to shout a 'yes' , but she mustn't. No, not now. She doesn't want to. She mustn't. "Little girl," Ohh. This has to end the way she wants it to. "naughty," Gabriel's lips moved up to her jaw, "a mess," every kiss he gives, Nathalie sighs in pleasure, wanting it to reach the end, to her most needy area. "And just impatient." At some point he has to stop teasing and simply put his tongue and kisses on her labia. Put everything into her. Now.

Gabriel let go of Nathalie's hands, murmuring in her ear, "don't move them and don't touch," Nathalie wants to touch. But she wants his tongue. Gabriel tugged on her earlobe to release it with a slight 'pop.'

Nathalie began to move her hands that were on the sides of her legs so she could touch Gabriel. The latter noticed and took them again between his larger hands. "Be a good girlfriend, Nathalie," No. She doesn't want to. "Or you'll have nothing,"

She does want to be a good girlfriend.

She nodded her head, watching her boyfriend's eyes, close, close. She wants him in her. Inside her.

Gabriel let go of Nathalie's hands again, taking them back to the same place he'd left them. Gabriel lowered his gaze to the food still scattered between the slight gap between Nathalie's legs. This position is uncomfortable. His ankles were already starting to hurt.

Maybe he can simply leave here and go to rest. He is very tired. But she is impatient and knows that if he leaves her now, she will make drama. Gabriel is not in the mood for drama today.

Gabriel brought his kisses to Nathalie's once again. She gladly accepted his mouth. Gabriel's right hand went straight to the area where Nathalie wants him to touch her. The other hand, the left one, went straight to her hip to pull up her shirt. Without warning, he began to play with his thumb the bundle of nerves that is her clitoris. Nathalie began to let out choked moans into Gabriel's mouth.

Tease.

His thumb stopped playing with her clitoris to start moving down the folds, noticing that she has a lot of pre-cum already, making Gabriel smile into her mouth. This is what's funny to him; that his girlfriend isn't patient, has a libido that can't be satiated and always wants to make love, or simply that Gabriel leaves her without even knowing her name or knowing how to walk.

Inside. Inside. Inside. Nathalie wants that finger inside.

Beg,

No, She's not going to do it.

"Very wet, beautiful,"

Ohh. When he tells her this.

Nathalie wants to get it over with and stay in bed. Stay in bed so she can tie him to the bed and she can ride him. She wants, she desires, she craves.

Yes. All of it.

She stopped feeling the finger in her area and Gabriel himself. She pouted, looking at the amused smile her boyfriend has. She wants to wipe it off. She wants to erase that fucking idiot smile of his. She's a mess. He doesn't care. She's a mess for him. Him. Him.

Just him.

She loves him so much.

She hates him so much. He doesn't give her what she wants. She hates him. She's going to kill him. Yes, she will.

In a second and a couple of blinks of her eyes, Gabriel has his mouth on her labia, causing Nathalie to let out a moan audible to the whole house. She's thankful they live alone. She doesn't care if they hear her either. She wants to be heard. She wants to be heard as her boyfriend tongue fucks her and she comes in his mouth.

Her hips are exposed, her area exposed.

Gabriel did *that* with his tongue, causing Nathalie's toes to curl. That. This. This is what she wanted hours ago. But she wants to go through with the plan. She will do the plan.

Her boyfriend looks tired.

She doesn't care.

He 's eating her. And that's what matters to her. Feeling the pleasure her boyfriend brings her. Feeling how her boyfriend's tongue plays with her entrance, how his teeth graze her clit and just how the sounds he makes as he grabs everything. Her moans. His *mm's*. Hers too.

Weeks without him doing this. Torture. She can't take it anymore.

Gabriel pulled out of her, leaving her on the verge of orgasm. She groaned, angrily.

"Easy, little one, give me a moment," Nathalie doesn't want to give him a moment, not a moment. She wants him with her, wants him to do it again, that thing with his tongue that

makes her lose her senses, lose her thoughts, her speech and everything. Gabriel got on his knees, being level with her abdomen. She feels big now. She is big. She's a big girl, yes. "Come here,"

She didn't realize at what point she went backwards to lay her back against the back of the couch. She did as she was asked, moving toward the edge again. Only Gabriel put his hands on her knees to stop her from going straight for his mouth. Nathalie frowned.

"Take off your shirt," Nathalie shook her head. "Nathalie," She shook her head again. "Love, don't make me leave you here wanting," No. No. No. No. He wouldn't be able to do that. He's capable of it. She shook her head again. Her boyfriend's frustration is evident. "Don't be a bad girl, dear."

Nathalie just stood like that. Watching. Watching his next move. Gabriel sighed. The air coming into her folds. Nathalie tried to close her legs, but Gabriel's firm grip wouldn't let her. "No. Nathalie, obey."

Nathalie sighed deeply, closing her eyes, imagining what tomorrow would be like with the plan.

A light pat was given to her knee, causing Nathalie to open her eyes and see Gabriel rising from his spot, leaving her there. He's c*apable.*

No. Come back. Please. I can be a good girl. P-

Nathalie felt the panic. She wants to finish. She has to finish this. In one slight movement she took off her shirt, letting it fall to the floor near her feet.

Gabriel smiled. "Good girl," Gabriel moved closer to her once more, resting his lips on hers and Nathalie is happy. He has to finish this. He will. He's going to finish what he started. "Darling, you're a mess." A kiss on her jaw, "You dumped the food on the couch," Another kiss on her cheek, near her lips, "You're impatient," One more, on her throat. Nathalie tilted her head back to give him better access. "You have an insatiable libido," Oh, he knows that. She doesn't care. He loves her. "Mine," His hands dropped to her waist, Nathalie's hands reached up so she could reach Gabriel's tie and pull. She couldn't. Gabriel took her hands between his. "No touching, Nath,"

Okay. No touching.

She can handle that.

Gabriel once again went down to her entrance, leaving kisses on her neck, chest, abdomen and paying attention to her nipples, leaving them even more erect than they already were. He went down to her folds and attached his mouth again. It won't last long. It has to last. She wants to enjoy her boyfriend's mouth. She wants to. Gabriel's hands went behind her ass, lifting her weight and squeezing, not gentle, no, that's never been gentle. That's been a mark of saying 'mine and no one else's.'

She loves it.

Gabriel is finally giving her what she's been wanting for weeks. All of it. All of it.

The plan...

The plan...

What plan? She doesn't have a plan now. She only thinks about him. Gabriel and his mouth on her pussy. Gabriel and his tongue along her folds. Gabriel and his -

"Nghh..." She didn't think he'd do that.

"That's it, love," His free hand came out from under her ass to spread Nathalie's legs wider, making her squeal. She 's close. Very close. Another finger slipped into her cavity, making it three now. Nathalie wants to convulse right now.

"Feeling good, darling?"

'More than fine' she wants to say. She can't. Her mouth is busy with her fingers in her mouth, to pretend it's something else, thicker, and she has to fill her throat right now.

After minutes, she cums in her boyfriend's mouth and fingers. With a contented sigh, she leaned back on the couch dropping her arms and head behind her. Gabriel on the other side, continued to collect the fluids she had already released and was still releasing. Making little spasms go up all over Nathalie's body.

Good. Good.

Gabriel came out from between her legs, leaving a trail of saliva down her abdomen until he reached her lips, kissing her. He waited a couple of minutes for Nathalie to return to the normal world. Her subconscious filled with pleasure and spasms. She returned after minutes, meeting her boyfriend's gaze. He is tired. So is she and she wants a shower.

"Hello, darling," The smile he gives her is one of mischief, one of '*I-know-you-couldn't-wait-any-more-but-I'm-sorry-it-won't-happen-again'* look. "Sorry baby, but I think it's going to be more days now because of a problem that happened today."

Ah.

All the more reason he did this today to satiate her horniness. Too bad. She wants more right now. She's ready for round two now. She wants and needs round two. She pouted.

Gabriel kissed her forehead, pulling away from her and taking her between his arms. One hand under her legs and the other under her back. "Sticky. You need a shower and then go to sleep."

"Mm."

Sleep sounds good right now. But she wants to return the favor. She can clearly feel her boyfriend's bulge. As they were walking towards the stairs to go to the second floor, "I want you, love, to be a good girl for the next few days while I take care of some work stuff." She

doesn't want to be good. If she is good she doesn't have a prize. If she doesn't obey she has a prize. She pressed her head to Gabriel's chest, feeling safe in his arms. She always feels safe with him. Hers. "And I want you to be good and not disobey, be patient too, because I will come out more tired." Nathalie doesn't want to.

"Mm'kay."

She felt a kiss on her head. Nathalie knows no more of the world, being half asleep as her boyfriend bathes her and lays her on the bed. She's in another of Gabriel's shirts, out of lingerie once again and her hair somewhat wet and between dry. Sleep. That's what she'll do.

That she did, feeling for the last time a kiss from Gabriel on her forehead and lips.

Good.

The plan weeks ago was that she had to go to her boyfriend's work and not have her throat feel empty. Again.

Since the day of what happened on the couch in the living room, they haven't done anything sexual. Just kisses on the head, lips or forehead. Not a finger on her, not her mouth on his member. This is absurd. She knew he had said it would be days, but not weeks, again.

Each day when he came home, he would only spare her a mild 'Dinner, dear, shower and sleep, please.' And at night when she went to sleep a simple 'I love you, my darling.' Along with a kiss and hug. Doing the little spoon and big spoon position, her being the little one by stature. Actually he is the little spoon, but simply when Nathalie plays the big spoon, she looks more like a tick clinging to her boyfriend's back than a person. So.

Today.

No.

Tomorrow.

The plan still stands after weeks. But he'd ask a what the fuck is she going to do at 5-6 a.m. on the street or at the store. It won't make sense. But she wants to know that he'll buy it and

leave her alone and she can go through with her plan and she can have her mouth full and have him.

Yes. That's exactly the plan. Or, just when he gets home, attach him to a wall, she gets on her knees and does it right there. But. What's the fun in that? Besides, Gabriel wouldn't even be aware of what would happen because he'd arrive tired and veryyyy sleepy. No. Better to stick to the plan and follow it to the letter. Something goes wrong and she has to find a way out of it. Yes, she will.

Tomorrow... The excuse would be.. "Hey, honey, I'll go shopping..." What will she buy? They have everything in the house, the cupboard is full of food and there's not much left to buy. Mm.

"Hey, honey, I'll go buy a couple of teas, the kind you like. John told me they'd already re-stocked again and I wanted to be the first in case they ran out." Will he buy it? Mm. Probably. He'll be too sleepy to understand what she'll said.

Oh! She can just leave a note like any good, obedient girlfriend to her boyfriend. That 's it. A note. That's what she'll leave.

The excuse, however, has to be more elaborate or he'll see right through it.

Okay. Plan done. Not much of an excuse. Mm.

An excuse that her boyfriend can't see through at the time like he always does. It could be a thousand things but she's a bad liar, she knows it, he knows it. Half the company knows it.

Oh. Nathalie Sancoeur, Gabriel Agreste's girlfriend.

She's the only one who can see her boyfriend naked, she can do whatever she wants with him. He's the only one who can see her naked, the only one who, if he feels like it, fucks her with his mouth. Nathalie is happy. She's happy to have a man like him.

Okay. Excuses.

No.

The note.

That will leave, but the excuse.

Ugh.

Excuse. Excuses. Excuse... A... "Good morning, my love! Breakfast is downstairs (lie, she doesn't make breakfast at 5 a.m.), I hope you slept well. Some business came up that I have to attend to and I want to be on time." Yeah. That might work out well. At least he wouldn't be able to suspect anything until he's serene and one hundred percent conscious.

Good.

Plan made. Nathalie can't wait. She looks like a little girl who's just been given a piece of candy for the first time. She is a little girl. Gabriel's little girl. Yes. No, not a little girl, is she? She's Gabriel's good girl (sometimes misbehaved). Her boyfriend. She 's lucky. No one could hold his size like she does. No. No one. Gabriel is hers. She's his.

Tomorrow.

That's the day she'll have his member in her mouth! She can't wait. She has to wait. She has to be patient. She is not patient, she never was. She got out of bed to go downstairs and make herself a strawberry and blueberry smoothie.

A smoothie will help calm the tremendous horniness she's got right now.

Never think about Gabriel when he's not at home. Never think of Gabriel and his big hands splitting her legs. Never think of Gabriel with his big, big member snapping her legs.

No.

Yes.

No.

Never think about anything but the milkshake. Milkshake and nothing else. She frowned as she looked down at her bare feet. Not getting the dose of sex that Gabriel always gave her, she's gotten a little weird... She doesn't mind. She's happy. He makes her happy.

Days. Weeks. She can't wait until tomorrow to do the plan. She finished making the smoothie, placing some in her favorite cup and taking a sip to taste if she put in the right amount of sugar. She did.

"I see you didn't make a mess, little one," Nathalie turned to see Gabriel closing the front door. She raised the cup to her lips, hiding half her face. Gabriel advanced toward her. Oh, no, no, no, wrong, not this. She doesn't want to have to be impatient. She doesn't want to use her own fingers. Gabriel grabbed her cheek to plant a kiss on her hundred, murmuring, "Hello, my darling."

Nathalie is going to melt. She loves him. He will be the death of her. This man will be the death of her and she knows it. She doesn't care. She loves him. She loves him so much that it hurts to be impatient and be a good girl for him. She is lucky.

"Mm." A contented sigh left her mouth as she lowered the cup from her lips. Gabriel broke away from her to go drop the briefcase in the dining room, take off his tie with his coat and leave it on the chair, unbuttoning the first and second top button of his shirt. Nathalie is watching respectfully. No, not respectfully. She wants to jump his bones right now. Nathalie laughed at the image that came across her. It's the other way around, he breaks her. She doesn't to him.

"What's so funny?" For a moment she had forgotten that they were in the same room but meters apart. Nathalie grimaced innocently.

"Nathalie," She raised her arms in a simple *I-don't-know-what-you're-talking-about* way.

Gabriel snorted lowly, stepping toward her. Again. *Please*. Nathalie lifted the cup to her lips, averting her gaze away from him.

Gabriel stepped in front of her, making Nathalie glue her hips to the counter. She's cornered. She likes it. It's fun. Gabriel put both hands on the sides of her hips, on top of the countertop. Nathalie feels herself dying. "What's funny, love?" Nathalie made the same gesture, not looking at her boyfriend. The cup disappeared from her hands. She furrowed her brow. What now?

Nathalie didn't look at him. Gabriel took her by the chin, making her look up at him. She obeyed. Yes. Please. "Be a good girl for me, and answer the question, sweetheart," Nathalie shook her head. Gabriel removed his hand from her chin. He put both hands on her hips, lifting her up like a feather and sat her on the counter. Nathalie wants to go through with this. She wants to stay here all day. Her legs instinctively went to the sides of Gabriel's hip, without locking it, because Gabriel will pull them apart and she wants to be a good girl for him right now. Even if she's not answering what he's asked her.

"Honey, answer," Nathalie set her lips in a straight line. Gabriel sighed. "Okay." What will he do?

Oh. Gabriel started kissing her jaw, her lips, her neck, her throat and her whole face. Nathalie sighed contentedly at the attention she got from him.

Her hands remained still at her sides. If she learned anything weeks ago, it's that when Gabriel does this, he doesn't want her to touch him.... He does want her to touch him, but she obeys. She obeys when she wants to. When it's required. She's a good girl. For him. Nathalie wears one of his shirts. His shirts are her favorite. The work one's more than all the others. She loves everything about him. Gabriel's hands went under her shirt while his lips were on hers, swallowing every sigh of pleasure she drew out. A small spasm ran through her entire body as she felt Gabriel's palm on her back and the other lightly squeezing her waist, pulling her closer to him. Toward his being. She wants to feel his bulge. She wants all of him. His hand, which was on her waist, moved down to her panties, playing with the edge of them.

"*Tsk*."

"Will you be a good girl and answer now?" Nathalie denied. It wouldn't be that easy.

Gabriel growled. Nathalie knows what she's doing and loves it. Gabriel slid his hands inside her panties, causing Nathalie to pull away from the kiss and let out a choked moan as she felt Gabriel's knuckles on her hot core. She felt Gabriel turn his wrist to better touch her area. Nathalie already had pre-cum in her core, making Gabriel's finger movements easier. Gabriel moved his lips to Nathalie's neck, leaving more marks. Weeks ago the last ones he had given her were removed. These are new. These have to last longer.

Without warning three fingers slipped into her entrance. Nathalie let out a loud moan in her boyfriend's ear. "Now," Gabriel kissed her lobe, "will you tell me, my dear?" Gabriel's fingers moved in and out of her entrance, making it impossible for Nathalie to answer and only let

out moans. She didn't want to answer the question either. She shook her head. Gabriel saw this, for he was no longer deep in her neck.

"Very well," Gabriel placed one last kiss on his girlfriend's lips to remove his hands from Nathalie's entrance, removing his hand from under the t-shirt Nathalie is wearing. He smiled at the pout his girlfriend made. He brings the fingers he has entered her vaginal lips with, to place them in his girlfriend's mouth. "Clean it up," Nathalie did as he asked. Tasting herself. After doing so, she released them with a slight 'pop' . Gabriel pulled away from her. Nathalie frowned. "You don't deserve this."

"Gabriel..." Gabriel smiled, moving closer to her to cup her cheeks with his hands and deposit a kiss on her cheeks and then her lips. He pulled away from her.

"I'll go shower, finish your smoothie, and then we'll make dinner." Gabriel disappeared from the kitchen. Nathalie was left frustrated. Provocative. She's going to kill him. Yes, she is. She'll kill him for leaving her wanting, knowing that what he starts she has to finish, especially when it comes to bringing her to the orgasm she so desires.

Tomorrow she'll make him pay. Tomorrow she'll have his cock in her mouth. She wants that. She will and she will get it. Nathalie climbed off the counter, sighing in frustration as she felt the light friction. She's already worked out and she has to orgasm at once or she'll feel like she's going to explode.

She might explode?

Don't be ridiculous,

For the first time in my life I agree with him, Her serene voice says,

Oh, you never agree with him, shut up. She said.

For some reason I said "first time" walnut head,

...

Good point, Nathalie says, internally.

She's nuts. She knows it. But Gabriel loves her like this. She loves him too. She took the cup in her hands again.

Yes. Right.

Tomorrow is the day.

To wait.

Patience has never been her strong suit.

Chapter 2: Second Phase.

She is anxious. Very anxious.

It's five a.m.

She's changed and ready to go. Gabriel will be up in minutes and she's still there. No. She has to go out.

She writes the note and leaves it taped to his forehead. That way he'll see it and won't wonder where she'll be when he wakes up and not see her next to him.

Okay.

All set.

She took her phone, her snickers and left the house, putting on her snickers outside the house.

No. Not the car.

She'll walk.

It'll do her good to walk for a good twenty minutes.

Oh, shit. The excuse to the secretary at her boyfriend's building. What will she say?

Maybe she's not there.

No. At this hour the employees are already there working...

Nathalie is thinking about what excuse to give to the secretary.

A good one.

That's what she'll do. Think, think.

It must be a good one so no one can be suspicious about it.

Think. Think.

Maybe she can tell it's her boyfriend's birthday and they'll play along with it?

No.

They know Gabriel well enough to know when it's his birthday.

So. New plan. New excuse.

...

She can just say she's there doing some stuff.

What stuff exactly? They'll ask. She won't answer. They'll call her boyfriend. She doesn't want that.

Maybe she can just say nothing and they wouldn't mind? That 's better.

They wouldn't mind why the boss' girlfriend is there at an ungodly hour.

Yes. That'll do the trick.

Plan set. Excuse set.

She'll have his cock in his mouth when he gets to work.

She is happy with the plan.

Thoughts to herself are a danger, and they are more dangerous when she is anxious about what might happen in her boyfriend's office. Can they make noise? No, they can't, she makes too much noise and Gabriel will shut her up. Also, Gabriel might reject her again and she's not ready to have that done to her one more time. After weeks.

Being optimistic is not something she has on the tip of her tongue, nor is it in her being.However, she knows Gabriel won't be able to drag her out of the office in anger, it would be a bad look for him... Well, he doesn't mind either, you know how he is when assistance is required for his girlfriend. I mean, her.

Ha.

The excuse for his boss's assistant would be: 'I've come to help him with a couple of problems the company has been having, and I wanted to be here first so he doesn't have so much stress'.

Yeah, that'll work.

After minutes of walking to her boyfriend's company, she arrived. She enters and heads straight to the elevator where she knows it will take her to the floor where her boyfriend is always busy doing paperwork or whatever he does. Nathalie doesn't pay much attention to him.

Nathalie entered the elevator, pressing the button that leads to the floor where she wants to be and has to wait.

When she got there, she stepped out and could see her boyfriend's assistant. She looked up and smiled, Nahalie smiled back.

"Miss Sancoeur! Nice to see you here!"

Nathalie wants the earth to swallow her up.

"Uh- Hello!" Nathalie read the label on the jacket. *Carol.* Okay. Carol, nice name. "Carol, nice to see you too."

Nathalie headed for the door where she knew it led to her boyfriend's office, but Carol stopped her. As expected, clearly, but that didn't take away the slight annoyance Nathalie felt.

"Uh. Mr. Agreste isn't here yet, Miss Sancoeur. Though I suppose you know that because you're his girlfriend-"

Nathalie turned to look at Carol.

"I know, I just-"

Carol frowned at her. Nathalie is nervous and trembling. *Earth, swallow me please*.

"Never mind, anyway, I suppose Mr. Agreste must have known of your presence here at such an .. Early hour, and before him."

Nathalie smiled, turning and heading for the door again. She stopped in her tracks and turned her head over her shoulder to look at Carol.

"Just in case, I'm here because he asked for my help with a couple of things since the company's been in trouble, right?"

"That's right, Miss."

"Good. He's asked for my help and I'm here to help him, early, because I don't want him to get too stressed out."

Carol smiled. Saved by the fucking hairs.

"Very well. I hope you don't stress yourself out with..."

"Thank you very much."

Nathalie walked into the office, leaned her back against the closed door behind her and sighed. She was saved and doesn't know how she's not under the ground right now.

Nathalie opened her eyes and scanned the office. It's been months since she's been in here or even been in the building. It feels cosy, but at the same time it feels really, really wrong to be here without her boyfriend knowing. It's fascinating.

She walked into the office, touching everything her boyfriend has in the office. On one side there are books, on the other side there is a sofa like the one they have at home and it looks cosy. Nathalie wants Gabriel to make her his there. Fantasies, fantasies.

The office is spacious, but it doesn't have a lot of stuff in it, Gabriel is a bit bland with decorations and she knows it. At the desk, Nathalie reaches over, fingering the wood, noting how smooth and slippery it is. There's a framed picture of the two of them. Nathalie wants her boyfriend to love her for years to come until he can't stand her anymore. There are also

some papers, a reception phone (she assumes) and another photo of them, this time a small one, also framed.

The first picture is one of the two of them on a bridge, where they asked a person to take a picture of them, which the person had accepted. Nathalie looks small, she feels small even next to her boyfriend, but she likes it. It is cosy. Gabriel has his hands on her waist and they are both looking at each other, Nathalie with her hands around his neck. And, in both of their gazes you can see that they love each other. Nathalie loves him very much.

The smallest picture is one where Nathalie is sitting on his lap and Gabriel is laughing because, that day, God forbid she should repeat that day, she was flushed. That day was the worst day for her; Nathalie was fooling around, and in the end she ended up sitting on her boyfriend's lap in the office where she is right now, just that Gabriel is laughing and she is red because at that moment one of Gabriel's staff had come in to drop off some papers and saw the scene.

That day Nathalie wanted to disappear and said she would never go back to her boyfriend's office or building.

But she is there. Not for the same thing.

Today, today will be different in so manyyyyy ways.

Nathalie saw the space under the desk. She can fit in there, it will hurt, but she'll fit right in there.

Nathalie got in there and confirmed; it's a little tight, but it fits. Being on all fours, and even if her knees hurt, it will be worth it. Very, veryyy worth it.

She pulled out the chair and sat on it. Nathalie wants it to be 6:20 a.m. or less.

It's 5:30 a.m.

Her boyfriend must be awake. Oh.

Nathalie was startled when a message popped on her phone screen. She won't see it. No, that will ruin everything.

After minutes, and half an hour, it was time for him to leave the house to come to work, she knows it.

Nathalie crawled under the desk. To wait. A source she's not used to and this proves it.

"I can feel you breathing, little one."

Nathalie stood still, not knowing what exactly to do. She forgot that detail.

She watched Gabriel's chair pull back, looking directly at Nathalie. He is tall. Nathalie feels very small being on all fours under the desk her boyfriend works at. Oh, God. This was a bad idea.

"Come here," Nathalie doesn't know exactly what to do right now. She wants her throat to feel full, yes, she does, but right now she doesn't know if Gabriel is going to refuse or tell her to go home (obviously she won't listen) but it's what counts. "Darling, don't make me repeat myself twice,"

Nathalie swallowed the lump of saliva that had formed in her mouth. She slowly climbed out from under the desk, so that her head was in front of Gabriel's lump. She knows he has it for hours. Her knees hurt.

She sat, her legs under her ass, her hands on top of her lap, waiting for his boyfriend to say something else.

Gabriel brought his left hand to his chin, scratching lightly, then after seconds brought it underneath, to the handle of the chair, and the other hand he put on his thigh, making light patterns. Nathalie brought her gaze to the hand lying on his thigh, wishing those fingers were around her throat or on her wrists, trapping her so she couldn't touch. Fluids began to ooze out of her core, Nathalie is not wearing panties.

Gabriel moved closer to her, letting the toe of his shoes touch Nathalie's knees, covered by the skirt. He bent down a little to bring his right hand to Nathalie's chin, smiling at the blush on his girlfriend's face.

"What to help me with some things, eh?" Nathalie pulled her lower lip between her teeth, causing the bump Gabriel is wearing to *jiggle* a little. He needs friction. But not yet, he wants to know why his girlfriend has done this. "Ah-ah, always so predictable, sweetheart. Impatient, you couldn't wait until a couple more days, could you?"

Nathalie denied. Gabriel knows all too well. His girlfriend can't stand going weeks without sex or wanting him to break her in two.

Gabriel closed his eyes for a second then opened them, brought his thumb to Nathalie's lower lip, releasing it from between her own teeth. His girlfriend let out a sigh. Gabriel doesn't know how to do this.

Oh, of course he does.

But he'll have to keep her quiet. He doesn't want his assistant or his staff to hear his girlfriend's moans, or even his own.

"Does your throat feel empty?"

"Yes. Gabriel, *please*."

Gabriel laughed. Having a girlfriend like that is kind of fun in certain ways he's never going to admit to Nathalie.

Gabriel had been feeling Nathalie's breath on his leg for hours now, but he didn't say anything because he wanted to see how far his girlfriend would go with the pain in her knees and hips from being in a small space, she fit, but fairly.

However, even though he felt it and knowing that Nathalie could feel the bulge lying in his trousers, he didn't want to do anything, not yet. His girlfriend is impatient and Gabriel knew that at any moment she was going to reach a hand out and grab his trousers to get what she's been craving for weeks. But Gabriel found himself surprised not to notice that action on her part. Surely she had thought she was going to scare him off.

In a way yes, he had been startled when he had walked into his office and heard a low moan coming from under the desk where he worked, however, recognising the moan, he had calmed down. He had walked over to his desk and looked at the fingers of his girlfriend's hand sticking out of it, Gabriel did his best to hide his smile and keep a straight face so that Nathalie wouldn't suspect that she had already been caught. If that was her intention. It clearly wasn't.

Gabriel stepped away from her to unbuckle his belt, pull down the zip and undo the button, never taking his eyes off Nathalie. She did the opposite, looking down at Gabriel's hands to watch his movements. Her mouth watered to see that she had not been rejected. She licked her lips to wet them so she would be ready to-

"Stop," Nathalie frowned, looking up at her boyfriend. Gabriel took off his jacket, staying simply in his white long-sleeved button-down shirt and trousers, though he knows if Nathalie over-steps, the shirt will go for shit. "Come here."

Gabriel spread his legs to make room for his girlfriend. Nathalie stepped between his legs, placing her hands on Gabriel's knees. He, completely removed his belt, placing it on top of the desk.

Right now what he's most grateful for, is that the windows in the back that look out onto the other buildings are windows where just the person inside can see out, but the people outside can't see anything inside his office. Plus, he is thankful, that the front door to his office has a lock on it and he has had it on since he heard his girlfriend's moan. No interruptions for a couple of hours to keep his girlfriend satisfied.

"Is this what you wanted, my dear?"

Nathalie nodded. Gabriel shook his head, if they are going to do this, she needs to talk. Communication is the key in a relationship, anyway.

"Talk, Nathalie,"

"Yes,"

"Good."

Gabriel motions with his hand that she can do whatever she wants with it. Anyway, Gabriel is about to explode as he doesn't feel friction on his bulge. He wants to have that ejaculation he had been looking for hours but he held back, because one of us can hold back and be patient.

Nathalie moved her hands to the sides of Gabriel's trousers, pulling them down, along with his boxer. Gabriel let out a sigh as he felt the air rushing through that area that needs so much attention, which his girlfriend is about to give him.

Gabriel let out a small chuckle as he saw his girlfriend's eyes about to pop out of their sockets. The giggle stopped as he felt a kiss on the tip of his cock, letting out a sigh.

Nathalie looked up, searching for her boyfriend's gaze, which she simply met. Nathalie smiled, taking her lower lip between her teeth, only to let it go as she brought her mouth to the tip of Gabriel's cock, just pushing the tip in, where the foreskin reached the glans. Giving way to Gabriel letting out grunts.

Nathalie loves it when she does this to her boyfriend. Knowing that she's the one causing those sounds. That she's the only one who can take his length... Not in mouth, that she has yet to learn.

Gabriel brought his right hand to Nathalie's head, brushing a couple of hairs out of her face to tangle them between his fingers and massage gently.

His left hand went to his own thigh, gripping tightly to keep from letting out a moan as he felt Nathalie's tongue run up and down his length, wetting it with saliva and then placing her small hand on it and moving it up and down. Gabriel let out a grunt, not of pleasure, of pain.

"Love,"

"Sorry." She is not in the least bit sorry.

She ran her tongue down the length of his member again to fill it with saliva, so that it would work as a lubricant and not hurt her boyfriend. After making a good saliva, she started to move her hand up and down, until her hand reached his pelvis, making a delicious '*clap*' sound.

Nathalie brought her mouth back to Gabriel's glans.

This is what she has been wanting for weeks, but she also really wants to be fucked by her boyfriend. On this desk, on the floor, on his lap, her jumping on him. She wants, she wants, but she can't get because she'll make noise. She can't be quiet.

After getting a rhythm between her hand and mouth, she turns up to see Gabriel with his eyes closed, mouth slightly open. Nathalie wants more.

Do it,

Are you crazy? She can choke!

I don't care, and you know it, she wanted this, now she's got it and she can learn to carry it all-?

She can't, she's tried and you know it,

So what? There's still time to try one more time,

I really don't understand you both sometimes,

You have to admit I'm right,

...

Nathalie stopped listening to her voices of good and evil, to take all of Gabriel's cock in her throat. Half of it is missing, and that's what she's going for. The tip is touching her throat, she needs to relax and be able to take it all in her mouth.

"Nathalie," Oh-uh, late to be able to do that. She didn't pay attention, she opened her eyes to meet her boyfriend's gaze. Nathalie took another inch further into her mouth, almost choking. Gabriel pushed her away from him, she frowned. "You know you can't do that yet, darling."

Nathalie stuck out her bottom lip in a little pout. Gabriel smiled, bringing his thumb up to Nathalie's mouth and wiping away the trace of drool that came out of it. No doubt about it, this woman never ceased to amaze him.

"Don't be stubborn right now, sweetheart."

"I know I can take it,"

Yes, Gabriel knows, but not the way she wants it, but the other way.

Maybe they can do that and then do it the way she knows she can take it all in her mouth.

Gabriel got up from his seat, Nathalie moved away from him to give him room to move.

Gabriel removed some things from the table, leaving room to put Nathalie down without her knocking something over. Or .. Maybe it could be against the wall? But that would give room for his staff to hear. Better on the desk.

Gabriel crouched down in front of his girlfriend, grunting in pain as he felt his member hit his trousers. He grabbed Nathalie by the hand to pull her up, standing both of them up, he took her by the waist and sat her on the desk, spreading her legs to make a space for him to get in there.

His hands lingered on her hips, tracing them lightly to soothe her. Or, to calm himself as well.

"Now, little girl, you're going to be quiet, understand?"

"You know I can't be quiet,"

Gabriel knows that much. That's why he knows what he'll do at the slightest noise his girlfriend manages to make.

"I know."

Gabriel lifted his girlfriend's skirt to notice she's not wearing panties. Gabriel smiled. She seemed to have thought of everything. "Cheeky."

Gabriel brought his lips to his girlfriend's jaw, causing Nathalie to close her eyes, Gabriel kept kissing until he felt a pair of fingers in his hair. He broke away from the kiss and grabbed Nathalie's wrists in both of his hands. With a look he knew Nathalie couldn't say anything, he said, "No touching."

She nodded.

Gabriel, just in case, grabbed both of Nathalie's wrists in his right hand, bringing them behind Nathalie's back.

Mmm. That wouldn't stop her.

He pulled away from her, Nathalie watched him, every move he made. Gabriel took off his tie, rounded the desk and took Nathalie's hands, tying them so she couldn't let go or move them from their place.

He circled the desk again, standing in the same spot as before. Between Nathalie's spread legs.

"No noise, my love,"

Gabriel started to pull her skirt up until it was re-upped on her abdomen, seeing how perfect she was throwing liquids on the table. Gabriel kissed her, hard. Causing Nathalie's body to pull back a little, giving the opportunity for him to bring his hands up and slide his middle finger between her folds, sliding easily through the pre-cum she had released since Gabriel had said 'come here'.

He easily found the entrance, slipping his middle finger inside her, inside her she is hot, with lots of fluids waiting to be drawn out, something Gabriel intends to do.

Nathalie lets out a moan as she feels Gabriel's finger inside her, wanting to move her hands to her boyfriend's neck, but unable to do so because of the tie lying on her wrists. Gabriel's hand on her back-lower back acts as support, which she's very grateful for.

"Ngh..."

Gabriel smiled into the kiss, pulling away to gain air and brings his lips to her cheek, then to her jaw and finally to her throat. Gabriel dipped another finger in to test how ready she is to get to the next phase.

"Ah!... I thought, I thought it would be-"

"It is, honey," Gabriel made a mark on her neck, then ran his tongue over the mark and left it smooth. "But, first I want to know how ready you are."

And she is, more than ready, but he really wants to be one hundred percent sure before he makes the mistake of a couple of years ago, where she wasn't ready at all and she ended up hurt. Gabriel doesn't want to hurt her again, so he takes care of her.

Gabriel sticks another finger in. "Gabriel..."

Oh, he knows she's desperate for him to be inside her. But in this life you have to be patient to get what you want, whatever it is.

Gabriel brought his mouth to hers, silencing the moans that were already becoming more than audible to the entire office. Gabriel removed his fingers from her, bringing up the hand that lay supporting her lower back, so that he could keep her where she was without her making the slightest movement. The other hand went to his trousers and boxers, pulling them down just enough so that his entire cock was free. Gabriel knows he's not fully lubricated yet, so he has to do it.

He broke away from the kiss so he could lift his right hand and bring it to Nathalie's entrance, placing his palm as best he could, filling himself with her fluids, while his thumb plays with the nub of nerves that is his girlfriend's clitoris. Nathalie bit her lower lip to suppress the moans that lay with wanting to come out and be loud.

"That's it, no noises, darling."

Her lower lip is very sore, she can feel the blood on the roof of her mouth. She doesn't care. She's about to get one of the best sensations her boyfriend can offer her.

Gabriel sensing that his palm had enough lube in it-being-his-girlfriend's-fluids, brought his hand to his member and began to move his palm up and down, filling his member with lube. Gabriel kissed Nathalie again. His hand lying behind her back, making slight circles in order to calm her down a little. Gabriel knows she won't be able to hold out much longer, after having been waiting for hours for this.

Gabriel doesn't think he can hold out either, but right now he wants to give her what his girlfriend wants and he can finally rest easy knowing that his girlfriend won't do anything stupid days from now.

After giving his cock some attention and knowing that it is sufficiently lubricated, Gabriel put Nathalie to rest on the desk carefully so that she doesn't hit her head. He took his hand from behind her back to bring it to her hip and hold it in place, Gabriel turned to look at her, a smile on his lips, Nathalie opened her lips, waiting for what she wants.

Gabriel looked down to look at the entrance of his girlfriend who was wobbling around nothing, that, that made him laugh a little. Gabriel looked up at his girlfriend. "Ready?"

She nodded.

Gabriel smiled.

Entering her with one thrust, half, inside her, Nathalie let out a somewhat audible moan, causing Gabriel to remove the hand that lay on her hip to put it on her mouth, silencing her. "Shh. No noises," Nathalie nodded. Gabriel being careful, didn't remove his hand from her mouth, leaving it there. Bringing his other hand lying on his member, to put on her hip and slowly enter her, letting out sighs of pleasure as he felt the walls welcome him after weeks of not entering her and feeling the pleasure.

Gabriel turned to look at his girlfriend, who had her eyes closed. She wants the rough by doing this and being impatient? She'll get it.

He entered her fully in one thrust, pelvis touching her ass. Nathalie let out a moan, but it was camouflaged by Gabriel's hand. He laughed, and let out a sigh as he was finally inside her.

Gabriel allowed a couple of minutes for them both to get used to the sensation. Gabriel removed his hand from Nathalie's mouth, to bring it to her hip. Now, having both hands on her hip, he could put the pass to be able to move in and out of her.

Gabriel brought his lips to hers, in a somewhat loose kiss, but to silence the moans he knows his girlfriend will begin to let out profusely.

He pulled out of her a couple of inches to enter her again, and, sure enough, there's the moan he knew would escape his noisy girlfriend.

He started with a slow pass, thrusting in and out to get used to it, after seconds seeing that his girlfriend couldn't take any more, feeling Nathalie's hips rising in a motion that she wanted more, Gabriel conceived, thrusting in and out, but this time harder and rougher. Making Nathalie moan into her boyfriend's mouth.

Gabriel's lips pulled away from Nathalie's so he could bite down on her neck, bare shoulder and jaw, leaving a couple more marks, then swiping his tongue and lips and softening the bite into a slight forgiveness. Only, Gabriel feels no forgiveness whatsoever.

Marking his girlfriend is something he does often, when it comes to sex or just when he wants to mark her, giving her a kiss on the shoulder and, out of nowhere, biting or sucking a little hard to leave the hickey there. She doesn't mind, and he knows this because then his girlfriend is the one who marks him.

They are right for each other. Many people know this.

As he's pumping in and out of her, Gabriel knows she's close and so does he, so he bites his lower lip a little hard to feel the pain and stop feeling that slight sensation in his lower stomach every time he's close to climaxing.

It works every time.

"I'm-,"

"I know," Gabriel increased his pass so he could give his girlfriend that climax she's wanted for weeks now. Although, if he thinks about it, he'd already given her one at home a couple of weeks ago. That was a month ago, actually. Has he been rejecting her that much? But work has him so tired and he doesn't know what else to do, other than go home, eat dinner, bathe and sleep, not even a hint of sex had crossed his mind in that month. But, considering he has an insatiable girlfriend, it was to be expected that something like this would happen sooner or later.

He was surprised it hadn't been sooner, actually.

He bites his girlfriend's shoulder, making her cum with that gesture, Gabriel still doesn't do it. They don't have a condom and he doesn't want to risk it with a child. It's the last thing they want right now, it's better in the somewhat distant future. Accidents happen, and Gabriel doesn't want an accident.

At least his girlfriend didn't make so much noise by biting her lower lip.

"Good girl."

Serves her right, anyway.

Gabriel gave one more lunge to get out of her. Feeling desperation at not feeling Nathalie's walls tighten around him. A feeling he was beginning to miss."

"Happy?"

Nathalie got off the desk, slamming Gabriel to the table with her hips, Gabriel's hip making a slight '*thud*', grunting at the slight pain it caused him. Nathalie got down on her knees and looked up, said, "No."

Gabriel smiled. He knew.

That smile was wiped away as he felt Nathalie's hot mouth on his foreskin. Making him grip the edges of the table tighter, the knots in his hands turning white from the force. She can't quite take him like this, but he knows she knows. All Gabriel hopes is that she doesn't choke on being stubborn sometimes.

Nathalie, heedless of what her voices are telling her not to choke, without paying any attention to it, pushed Gabriel's cock deeper into her, reaching up to touch the bell of her mouth. Nathalie left him there for a few seconds, opening her eyes, looking up and seeing her boyfriend, he's watching her with that look that she knows intimidates her, but she loves it anyway. Nathalie moved her tongue down his length to fill it with saliva and work as a lubricant. Nathalie's hands struggle behind her, wanting to touch her boyfriend's testicles.

It's torture for her.

But at the same time it isn't because she has what she wants and her throat doesn't feel empty.

"Sweetheart," One of Gabriel's hands came off the table to grab a handful of Nathalie's hair, and pull her away from his member, having no success whatsoever because of how stubborn

his girlfriend gets. Instead of pulling back, she moved closer, taking another couple of inches into her mouth.

Gabriel suppressed a groan.

The truth is; he doesn't care much now if they hear him moaning, he's the boss anyway, and he can do what he wants in his office. But that would mean his staff would see it differently if they heard the moaning. Something he's not willing to run. For the moment.

"Nathalie," She made a choked moan, pulling her mouth off his member to gain air. "Don't be stubborn," Nathalie growled, grabbing her boyfriend's foreskin and glans again. Gabriel let out a groan. "At home, you can have it all, God. What a stubborn little prick you are."

Nathalie smiled. At home. At least she knows at home she'll have some of this again.

"Now, just- ngh-" Nathalie bit down on the glans, making Gabriel grunt in pain as well as pleasure. *This little minx.* "No, don't do that, little girl," She let out a choked laugh. Gabriel had had enough.

He gripped Nathalie's hair tighter, his hips starting to thrust, fucking her mouth. Nathalie made a sound of approval as she felt her boyfriend's pelvis collide with her face.

After minutes of doing the same, Nathalie made Gabriel cum in her mouth. Nathalie swallowed the remains, Gabriel pulled out of her to crouch down to the height where his girlfriend was. His thumb went to her lower lip and wiped the cum off her face. His thumb and forefinger went to her chin. Gabriel is a mess and she is red, sensitive, he knows it, her lips are swollen and Gabriel just wants to get home and give her what she deserved for doing this.

For planning all this.

"Happy?"

Nathalie nods. Not quite, but something is something and she knows it. Gabriel knows she knows.

"Good. Act normal."Gabriel tucked his cock between his trousers and boxer's, grimacing in disgust as he felt pre-cum melt in his boxers. Also, he hated that after hours of doing nothing with this, there was a black stain on his trousers.

He put his hand to his face. He has to get out of there, one way or another.

He bent down again to remove his tie that was still around Nathalie's wrists, picked her up and sat her on the desk while Gabriel arranged his trousers, hair and put the tie in the back pocket of his trousers.

Nathalie was watching his every move. Feeling that heat between her legs again.

Gabriel turned around to see Nathalie's face. Yes, what a mess they had just made for each other.He took his girlfriend's skirt and pulled it down to a decent height, fixed her hair and

blouse.

"Right. Act normal, Nathalie."

"Okay."

She doesn't act normal.

There's something waiting for her at home and she knows it and she wants to get home. Nathalie frowned.

"Did I do a good job?"

Gabriel laughed, pulling her close and giving her a kiss, only to, seconds later pull away. "Yes, darling, you did."

Nathalie smiled and that blush returned to her cheeks and neck. She's a good girl. Yes, a very good girl for her boyfriend.

Gabriel got Nathalie down from the desk, fixed it up a bit, took his girlfriend by the hand to get out of there and get home. At least, he knows he can do the work from home, for this day, anyway.
