True Desire

by WriterRiderDirtyThirties

Summary

Luka, Adrien, and Marinette weren't the only ones affected by the pink mist the night before Valentine's Day...

Notes

This is just pure Gabriel/Nathalie trash that was written at 3 am, I'll admit.

"Love Piper, I am Hawkmoth. He was afraid to show his love for you? Well, I'm giving you the power to make a heart's desire known."

Hawkmoth watched through the Love Piper's eyes as the pink mist spread throughout the city of Paris. He had a really good feeling about this one. Unleashing people's deepest desires would surely distract Steel Blue and Chat Noir long enough for him to get their miraculous. As far as he could tell, both heroes were teenage boys so it would be fairly simple for them to get lost in their raging hormones and go indulge themselves. Once Hawkmoth knew they were lost, he could simply go and snatch up their miraculous without a fight and thus this year long battle would be over and victory would be his.

So he quietly sat back and waited, watching from his tower.

And waited.

And waited.

Hawkmoth was nothing if not a patient man so he didn't mind waiting for his almost assured victory. He'd been waiting for over a year to achieve his goal and bring back his precious wife, Emilie. That was his only purpose and desire in life- outside of keeping his identity secret so that he could achieve it- and he would wait as long as he needed to.

It was about an hour later when something finally happened. Love Piper was still sitting on top of the Eiffel Tower when she spotted something moving towards her. Hawkmoth tuned in and dismissed it immediately until Love Piper was alerted by something above her.

"Lucky Charm!"

Looking up, she quickly spotted Steel Blue and Chat Noir descending from the sky towards her with some type of machine. It hummed to life and began blowing air into the mist causing it to disperse. Love Piper stomped in anger as she watched portions of her gas disappear.

"You can't stop the love once it's started!" Extending her flute, she played a different set of notes and thicker, more potent pink mist emerged. Steel kicked the machine into a higher gear as Chat, using his staff to breathe through, hopped across the railings towards Love Piper. Hawkmoth could tell he was about to use his Cataclysm.

" Love Piper, watch out!"

"I got this, Hawkmoth." Love Piper twirled her flute and smiled at Chat. "I see you're fighting hard to resist the love, so I'll play a special song for you and the partner you desire so much." A higher pitched song played and a darker and denser mist, almost red in color, moved from it's tip, moving much quicker than the pink mist had.

Chat's eyes widened but he was able to avoid inhaling the mist. However, the thick mist fogged his vision and he struggled to see more than two feet in front of him. He swiped his free hand through the air, trying to find his foe, but it was like the mist was unmovable... until

Love Piper emerged from the fog, knocking his staff out of his hand. His hand slapped over his nose as he went for the staff that had landed not too far away but Love Piper delivered a hard punch to his stomach, causing the air to escape his lungs and forcing him to breathe in the mist. Love Piper smiled as Chat's demeanor changed. “Yes! Feel the love! Let it flow through you freely!”

Hawkmoth felt a rise of excitement as he noted the pink tint in Chat’s eyes as they clouded over. All that was left was his greatest foe, Steel Blue.

“Yes, Love Piper! Steel Blue is next.”

“Of course.” She whispered before raising her voice. “Steel Blue! I have your partner and I’m about to take his Miraculous!”

Steel, for what it was worth, tried his hardest to continue dispersing the smoke, but his worry for his partner made him clumsy. He tried to disperse gas while also moving towards Chat, who seemed to be lost in his thoughts.

"Chat?"

At the sound of Steel's voice, Chat's cat ears sprung up. "Steely? Where are you?"

"Hold on, I'm coming." He hurriedly dispersed the gas on his way toward his partner, using his bug phone to breathe. "There you are!" He sighed in relief as he found Chat, but not Love Piper. "Where is she? Are you okay?"

Chat smiled playfully at him and threw an arm around his partner. "I'm more than okay, Bugaboo."

"Chat? What are-?" Steele looked very confused as Chat's body molded to his and he purred.

"I've been wanting to do this for a while, Steely." Steele Blue realized what was happening a second too late as Chat pushed the bug phone away from his mouth and kissed him. Steele was surprised and took in a deep breath as a gasp and the thicker red mist that surrounded them infiltrated his lungs. He felt his mind fog and the need to have his loves close fill him so he leaned into the kiss.

Hawkmoth nearly crowed with exhilaration at the distracted heroes. **“Now, Love Piper! Grab their miraculous!”** His elation turned to anger as he watched Love Piper attempt to grab them but the heroes untangled themselves, fought her off, exchanged a few words, and disappeared into the mist, running off to whatever their hearts desired.

Wretched children.

But thankfully, it looked like both had run in the same direction so Hawkmoth was positive he could probably find them in the same place.

Interesting.

Breaking the sight connection without freeing the akuma, Hawkmoth sighed. “If you want something done right, you have to do it yourself.” He murmured to himself as he turned to exit the room to find them. With Nathalie's help, he could use some of the surveillance footage from the surrounding streets to locate them. If they were going to do what he *knew* they were going to do, he'd have enough time to find them even if it took time to access the system. However, he was surprised and stopped short when Nathalie appeared at the door of his sanctum. “Nathalie, what are you doing here?”

Her tinted pink and half lidded eyes, devoid of her glasses like when she transformed into Mayura, gazed at him with unrepressed heat and longing. “Following my heart.” Shocked, Hawkmoth watched as she approached him and immediately pulled him down into a passionate kiss that contradicted her normally cool behavior.

He had not known, had not realized she desired him. She had always been a great help and voice of reason when it came to planning. Knowing she felt like this shocked and angered him. She knew there was only one woman on his mind. How dare she feel like this when they needed to fulfill their mission and bring Emilie back!

Pulling back, he frowned. “This is highly inappropriate, Nathalie. You know-”

“That you’re trying to bring back your beloved wife, yes. But in your quest, you've denied yourself so much. You should take time to relieve yourself or let someone else do it for you: allow me to. Let me help you, Gabriel. Let me help you relax. That is my deepest wish.” As she sank to her knees, Hawkmoth noticed the smell of vanilla permeate the room and immediately realized that the pink mist of Love Piper had entered his lair and was now slowly filling it.

“I cannot let myself be spelled. I need to go fetch the- Nathalie!” He gasped as he felt the zipper to the pants of his purple suit unzip and her hand graze his cock. It was the first touch he’d had in more than a year as he’d not let even his own hand pleasure himself, and it distracted him to the point that he inhaled the pink mist himself, clouding his brain. As Nathalie started to run her tongue over his still concealed hardening cock, Hawkmoth found his hand cupping the back of her head, directing her to where he needed.

“You want to help me relax, assistant?” Fisting his hand into her hand, her hair unraveled from it’s normal bun as he yanked back her head. Pulling his quickly hardening shaft from his pants fully, he pumped a few times, noticing how pleasurable the texture his glove felt against his skin, before positioning himself in front of her face. “Then show me.”

With a quiet moan, Nathalie took him between her lips, twirling her tongue around his head. This wasn’t enough for him, so he tightened his fist and pushed her head down further onto his cock, enjoying the small moan that vibrated through her throat.

“Take more like the good little subordinate you are.” He cooed and felt her relax further around him until he felt himself hit the back of her throat and she swallowed around him. "Mmm. Just like that." He held her head there for a good moment, enjoying the sensations of her trying to catch a full breath before releasing her. “Good. Now suck.” And like the obedient assistant she was, she did, losing herself in the feeling of him sliding against her lips and tongue. Feeling emboldened, Nathalie ran one hand up his thigh to cup his balls as the

other slid down into her pants suit, sliding into her wet heat. Her fingers moved quickly as Hawkmoth stilled her head with his hands on both sides of her face and started to ardently thrust into her mouth as hard and as fast as he could, tilting her head back a little to change the angle. Between his pants, he saw where her hand was and smirked down at her. “You still want to help me?”

Moaning around his dick, she nodded.

“Then let me fuck your pussy.” Her whining moan was all he needed. Quickly retreating from her mouth, he looked down at her. “Undress.”

“Yes sir.” With the same clinical precision she had in everything else, she took off her clothes. Hawkmoth had never thought about what she looked like naked- he’d never thought about her much outside of their work- so his gaze was cool as she presented herself to him.

“Hands and knees.” She complied quickly, settling onto the hard, cold floor and arching her back so that he could see all that she was offering. He settled behind her on his knees, admiring her glistening folds before sliding two fingers into her heat. Caring little about her actual pleasure, he ignored her moans as he prepared her to take him, working his fingers inside of her until he felt that he could enter with little to no resistance. With one hand twisting in her hair, he used the other to guide himself to her heat before shoving forward. A hiss of pleasure escaped his lips as she surrounded him. The pleasure nearly bordered on pain as it settled low in his gut and he closed his eyes at the sensation.

He couldn’t believe he hadn’t let himself indulge in this since Emilie’s disappearance. But remembering his wife made the experience a little less because she was the only woman he truly wanted to be with. However, Nathalie would do for now... at least that's what his clouded mind told him as he was buried inside of her.

Gripping her breast with his free hand, he snapped his hips into hers, over and over again, feeling the pleasure build as her inner walls massaged him. In the back of his mind, he noted her mewls but couldn’t bring himself to care. All he needed was release and it was almost there. Pressing her face down into the cold floor, he fucked her harder, chasing it until he felt the tell-tale tightening in his balls.

That’s when he heard Love Piper’s voice.

“Hawkmoth, what would you like me to do? Steel Blue and Chat Noir haven’t returned?”

His need to get off pushed every other desire out of his head and he frowned at the intrusion. He exhaled harshly, “Fuck off.”

Love Piper didn’t respond and Hawkmoth continued fucking Nathalie in her wet cunt with reckless abandon.

“So this is what you’ve been desiring, Nathalie? Every day when you’re standing behind me in your pristine *Agreste* suit and a stern look on your face, you’re thinking about having me balls deep inside of you?”

“Yes.” She gasped as he pinched her nipple.

Leaning back, he pulled her up so that he could whisper into her ear while still filling her. “Well, here you are; this is my gift to you. Now you’ll know what it's like to have me deep inside of you. And I’ll know that as you assist me with meetings and claiming the miraculous with that cool, detached demeanor, you’re actually soaking through your panties at the memory of me fucking you.”

“Yes. Thank you. Yes!" She admitted before moaning loudly, the loudest he'd ever heard from her. "Gabriel!”

His name being moaned was what did he in. Feeling the heat inside him explode, he filled her with his cum as he continued to ride it out. When he was through, he pulled out of her and enjoyed the sight of her cum-filled hole, ignoring the random spark of pain that flashed through the back of his mind. She paused for a moment at his withdrawal and he watched as her thumb and fingers slipped between legs to work until she reached completion too.

“Now come clean me.” Slowly, she turned and, with a look of dazed pleasure, started lapping up the juices from their intercourse until he was thoroughly clear of it. When she finished, he felt a wave of disgust wash over him at her look of pleasure and what they had just done. “Leave my presence.” And, without an argument or a change in facial expressions, she gathered her clothes and left.

Mind still clouded, he shakily stood and left his sanctum shortly after and strode down into his butterfly room where Emilie’s body rested, lovely in her enclosure.

“I miss you so much. No woman could ever measure up to you.” He sighed as he leaned against the structure. Guilt ate at him, but he realized his actions weren't completely wrong. “I do apologize for my lack of restraint but I’m sure you would understand. Nathalie is right though: I've denied myself certain... pleasures in my mission and I shouldn't. You wouldn't want me to.” He looked down and seemed to notice for the first time that his cock still hung out of his pants and he wrapped his hand around himself to conceal it. “However, I want you to know that even the thought of having you back is enough for me. I will keep fighting until I retrieve the ladybug and cat miraculous and bring you back for good. It's all that I desire.” Unthinkingly, his hand gripped his cock instead of putting it away and started a slow twisting motion. He relished the feeling he’d denied himself for longer than a year and, with mist still in his system, decided to indulge once more.

“To have you in my arms.” He moaned as his hand moved faster and he felt himself harden even more. “To hear you say my name. To hear you *moan* my name like you used to.” Pushing the pants down and leaning more securely on the tank, he fisted his cock in one hand and used the fingers of the other to circle and tease his butthole, the way she used to when they were intimate. “Mmm. To kiss your lips and have your lips on me.” He swiped his finger over his already weeping cock before he slowly worked it into his heat. His voice hitched as he sank his finger in slowly a few times before becoming firmer. “Ah. To have you engulf me like so many times before, like in my dreams.” Both hands started to move faster, harder as he allowed himself to fantasize. The heat built and he felt the muscles in his legs start to spasm in a way that signaled his orgasm was just on the brink. “To finally defeat Steel Blue

and Chat Noir! Ugh!" His teeth clenched as the thought made him cum hard enough to see stars.

Looking at the mess he'd made, he sighed and closed his eyes. "That is my true desire."
